Services

What is Random Moment Time Study (RMTS)?

- A valid random sampling technique that measures the participant's time performing work activities
- The “Moment” represents one minute of time that is randomly selected from all available moments within the quarter
- Statewide time study sample

Regardless of the district the time study participant is located, once the moment has occurred, please logon to STAIRS and respond to the series of questions documenting the activity being performed and the name of the district.

TEXAS
Health and Human
Services

Overview - Purpose of RMTS

To determine the percentage of time the Independent School District (ISD) incurs assisting individuals to access medically necessary Medicaid funded services.

Direct Medical Services - SHARS

Medicaid Outreach

Medicaid Eligibility Determination

Medicaid Referral, Coordination, and Monitoring

Medicaid Staff Training

Medicaid Transportation

Medicaid Translation

Medicaid Program Planning, Development & Interagency Coordination

Medicaid Provider Relations

To Reasonably identify staff time spent on activities during the given quarter.

Requirements - Training

- Each RMTS Contact must complete HHSC training annually
- RMTS contacts are required to complete only one HHS annual initial training and then are eligible to take “refresher” trainings.
- Initial training must be interactive and therefore must be conducted via Face-to-Face, Webinar, Skype or Teleconference
- Refresher training may be conducted via CD's, videos, web-based and self-paced training
- HHSC recommends that all participating ISD's have at least 2 employees attend mandatory RMTS Contact training
- Trained RMTS contacts are responsible for training Time Study (TS) participants annually
- MAC Financial Contact training and SHARS Financial Contact training are mandatory and held separately

Requirements - Training

Full Access versus View Only Access

System Access is limited to “View Only” until training is completed

Polling Question

1. If a participant is selected for a “moment” the participant should respond to the moment stating:
 - A. A summary of what their job duties are
 - B. What was specifically done at their moment
 - C. What they were doing in that one minute of the moment
 - D. Both B & C
 - E. None of the above

TEXAS
Health and Human
Services

PL - Development

- At the beginning of each quarter only the trained RMTS Contact provides in STAIRS a comprehensive list of staff eligible to participate in the RMTS.
- Once PL is closed you cannot add/delete a participant nor change position/function category.
- No changes can be made after the 3rd quarter PL closes until next FFY PL opens, unless you attend an early May training which gains you access to PL mid-May.

TEXAS
Health and Human
Services

PL - Development

An accurate PL is a critical part for ensuring eligibility for MAC and/or SHARS

If an ISD does not update/certify its PL by the deadline:

They are ineligible to submit a MAC claim for that quarter

They are ineligible for SHARS reimbursement for the entire FFY 2021

Every time the PL is updated, it is also certified.

The RMTS Contact must open the PL and click the “certify the PL” button prior to the deadline, even if there are no changes to the participant list from the previous quarter.

Reminder e-mails will be sent only to those ISDs that have not certified their PL

The PL provides a basis to identify the positions that may be included in the MAC claim and SHARS cost report

TEXAS
Health and Human
Services

PL - Development

Staff chosen to participate in RMTS will be categorized in one of two staff pools in Fairbanks as:

Administrative Services (MAC only)

Only includes staff who perform administrative activities associated with Medicaid.

Direct Service Administrative

Eligible staff providing direct medical services and administrative activities associated with Medicaid.

Administrative staff such as executive directors, program directors, principals, assistant principals, special education directors, and other managers/supervisory staff are not to be included in the time study

TEXAS
Health and Human
Services

PL - Development

Vacant Positions

Inconsistent implementation from year to year and district to district

- Only the vacant position(s) the district anticipates filling during the quarter should be included on the PL
- Should be reviewed and edited each quarter before the PL closes
- Loading the PL with vacant positions limits the opportunity for the selected moment to be a reimbursable response
- RMTS Contact responds to the moment as paid/unpaid leave
- Excess ultimately lowers the RMTS percentage across the State

TEXAS
Health and Human
Services

PL - Development

Duplicate Positions - What To Do???

- Identify and Remove from PL
- If more than one job function is performed by the participant, only include it once on the PL in the category/function performed majority of the time.
- Email(s) will be sent to those districts identified as having possible duplicate entries.
- HHSC trained RMTS Contact will be responsible for removing duplicate entries prior to the PL close date.

To remove duplicates from the PL do the following:

Export your PL to Excel. Choose the column of data (e.g. address, external ID) that may have duplicates. Highlight that column and choose the “conditional formatting” option. You’ll see an option there to “highlight duplicate values”

It’s easy to identify and remove any duplicates.

TEXAS
Health and Human
Services

PL - Who's In???

Participant List includes:

- Staff who perform SHARS Direct Medical Services or MAC activities:
 - Regular duties on a weekly basis
 - Regular Staff
 - Federally funded employees
- Contractors (including all positions) who are not employees of ISD but provide services for ISD.
 - For one position being filled by multiple contractors, it should be listed as one position on PL
 - For multiple positions filled by one or more contractors, then each position should be listed on PL.
- Vacant positions that are anticipated to be filled (with reasonably certainty) during the quarter.

TEXAS
Health and Human
Services

PL - Category Clarification

PL categories with mixed job functions and titles:

- Personal Care Service Provider
- Delegated Nursing
- Service Coordinator/Case Manager
- Outreach Worker
- Behavioral Counselor

Note: These categories must include the functional (or working) job title on the PL

TEXAS
Health and Human
Services

PL - Category Clarification

Who is NOT eligible for SHARS:

SBEC Certified or TEA Certified School Counselor and Educational Diagnostician job titles unless performing PCS and/or on PL for MAC if school participates in MAC.

Note: SBEC Certified or TEA Certified School Counselors and Educational Diagnosticians still have to qualify under the Admin Cost Pool eligible category by performing Medicaid allowable activities to be included in the RMTS

Educational Services include:

- Reading/English/Language Arts
- Writing
- Mathematics
- Science
- Social studies
- Physical education
- Electives

TEXAS
Health and Human
Services

Educational or Direct Medical

Direct Medical Services are:

- Medical Services that require a licensed skilled, trained professional, such as:

Nursing

Psychology

Counseling

OT, PT, Speech,

Evaluations

- Personal Care Services

Activities of Daily Living (ADL) or Instrumental Activities of Daily Living (IADL) that require human intervention to accomplish the task the student would normally do for themselves if they did not have a disability or chronic medical condition, i.e., hands on assistance, monitoring, cueing, redirection.

TEXAS
Health and Human
Services

Personal Care Services

To ensure Personal Care Services are being documented correctly, a list of follow-up questions will be asked.

The RMTS Contact is responsible for training the time study participants as it pertains to personal care services, such as:

- A personal care service **is** a direct medical service
- A student receiving a personal care service should have an IEP that lists the specific activity and personal care service needed
- When responding to a time study moment, PCS Providers' response should be restricted to the one minute in time. **DO NOT** list multiple activities or their job description/responsibilities
- A response should always include the specific human intervention (cueing, monitoring, etc.) for the ADL being provided
- When responding to a time study moment if the "Why" states "to provide a direct medical service as defined on a student IEP", then the "What" should clearly define the personal care service
- In situations where lesson planning is being done, please indicate the specific student audience and if it is IEP related.

TEXAS
Health and Human
Services

Personal Care Services

Personal care services (PCS) are provided to assist a student with a disability or chronic health condition so they may benefit from school/educational services

Personal care services include a range of human assistance provided to students to accomplish ADLs or IADLs the student would normally do for themselves if they did not have a disability

A student may be physically capable of eating lunch but is unable to independently eat in the cafeteria because of functional, cognitive, or behavioral impairments

PCS may be provided by a wide range of school personnel:

Teacher Aides

Mobility Specialists

Instructional Aides

Bilingual Aides

Bus Aides/Monitors

Health Care Aides Orientation

Teachers

Clerks

TEXAS
Health and Human

Meal preparation

Personal hygiene

Toileting

Maintaining continence

Dressing

Grooming

Transferring

Monitoring

Redirection

Cueing

Positioning

Ambulation

Intervening with behaviors

Respiratory assistance

Assisting with self administering medication

TEXAS
Health and Human
Services

Personal Care Services

PCS are often provided in Life Skills/Self-Contained classrooms because:

- The Life Skills class consists of students with Moderate to Severe disabilities, showing limitations in communication, social skills and activities of daily living (ADL)
- The course curriculum is driven by the student's needs as stated in each student's IEP
- These classes may have different skill areas addressed based on student needs, such as:

Domestic skills

Daily living skills

Pre-vocational skills

Vocational skills

Social skills

TEXAS
Health and Human
Services

Educational vs. Direct Medical/PCS

- ☐ A teacher helping a student solve a math problem that they are having difficulty understanding.

- ☐ A PCSP is assisting a student solve a math problem by providing hand over hand assistance operating a calculator.

- ☐ A teacher demonstrating sounding out words during a reading lesson.

- ☐ A Speech Therapist is working with a student on an articulation exercise.

- ☐ A teacher in an inclusion class is teaching a Social Studies lesson.

- ☐ A teacher's aide is monitoring and cueing students in an inclusion class during a Social Studies lesson to stay seated.

TEXAS
Health and Human
Services

TEXAS
Health and Human

Educational vs. Direct Medical/PCS

A Licensed Specialist in School Psychology providing academic counseling to a student.

A Licensed Specialist in School Psychology providing cognitive behavioral therapy to a student as part of their defined BIP.

A Nurse teaching students in a health class the benefits of proper hand washing.

A Delegated Nurse assisting a diabetic student in washing their hands prior to checking their blood sugar per the IEP.

A PCSP in the cafeteria monitoring all students.

A PCSP in the cafeteria cueing a student to swallow between bites during lunch.

What is Monitoring???

Monitoring is a Direct Medical Service when:

- The student just received medication as indicated on his/her IEP. The participant is monitoring the student for a reaction.

This activity is a delegated nursing service

- Student's IEP requires that he/she receive continuous monitoring due to a behavior problem.

This activity is a personal care service (PCS)

Monitoring is an Educational Service when:

- General monitoring of students in a cafeteria to ensure all students' behaviors are in accordance with school policy.

This activity is general supervision of students

RMTS Training & Completion Instructions

You have been selected to participate in the Random Moment Time Study (RMTS) on behalf of your center/district. You are required to complete the following RMTS screens, which will ask a series of questions you will need to answer for your sampled moment. It is important that you complete the RMTS screens as accurately as possible.

1. Keep in mind that you are responding for one precise minute in time. Document what you were doing at the sampled moment of time.
2. Dropdowns and/or optional activity descriptions are provided to assist you. If you do not see a response that applies, choose "other" and you will be provided an explanation box in which you can describe what you were doing.
3. If a blue question mark icon appears at the end of an optional activity description, you may click on the "?" to obtain additional information.
4. The person who will be reviewing your response has no idea of your job description, tasks you perform, or why you perform them, so it is up to you to provide the proper information needed to adequately describe what you were doing at the time of your moment. If you provide insufficient information, you will receive a follow-up email or telephone call requesting additional information.
5. Responses such as the following do not provide sufficient information and should be avoided:
 - "I was doing my job."
 - "I was completing my job responsibilities."
 - "I was completing this time study response."
6. It is best to avoid the use of acronyms and to instead spell out the definition, description, or title.
7. Do not provide client/student-specific names. Instead, your response should state that you were working with a client/student or a group of clients/students, if that were the case.
8. If you are traveling at the time of your sampled moment, please include a description of the activity you will be performing upon arrival.
9. If you were not working at the time of your moment, please indicate if it was paid or unpaid leave/time off.

For the purposes of this time study:

Direct Medical Services

Include:

- Activities that require human interventions such as hands on assistance, supervision, or cueing of a student with a disability or chronic medical condition, to accomplish tasks that the student would not normally do for themselves if they did not have a disability or chronic medical condition;
- Personal care services;
- Specialized transportation services;
- Psychological services;
- Physical therapy;
- Speech therapy; and
- For additional examples [click here](#).

Educational Services

Include activities associated with traditional courses that do not require human intervention to accomplish tasks the student would normally do for themselves if they did not have a disability or chronic medical condition. Traditional courses such as:

- Reading/English/language arts;
- Writing;
- Mathematics;
- Science;
- Social studies; and
- Physical educational.

Email Messages

Types of Communication managed predominantly via e-mail, i.e.:

- RMTS moment notifications and follow ups
- Participant list updates
- Compliance follow-ups
- MAC Financial notifications and follow-ups

Role in Fairbanks dictates what messages you receive

It's critical that your district authorize your e-mail system to accept emails from Fairbanks.

Confirm with your IT staff to make sure that e-mails with info@fairbanksllc.com, and @hhsc.state.tx.us extensions pass through firewalls and spam filters.

Helpful Hints

Passwords

Passwords will not change

If you forget your password, you can reset it at the log-in screen

Manage Contacts

Delete contacts if they are no longer with your district

Do not back space and type over the name

To add a contact in system use the “Add a new contact”

Username & Password will be e-mailed

The primary contact can change primary status from themselves to a secondary. A secondary contact cannot change primary contact status

There can be only one Primary contact for each role (RMTS, MAC and SHARS)

There is no limit to the number of secondary contacts

For system questions contact Fairbanks support line: (888) 321-1225

WRAP UP

- If you are not listed in the Fairbanks system as a Contact then you cannot receive credit for completing this training until you have been added by the Primary RMTS contact or Superintendent
- There are NO certificates for training:
- You will receive an email thanking you for attending today's training, however this does not mean that you will receive training credit.
- RMTS Contacts can view attendance information via Fairbanks by clicking the "Training" tab on the top far right portion of the screen
- A maximum of 9 days processing time is required after attending training before the session attended will be listed next to the RMTS Contact's name and the "status" column will then show full access
- Once "Full Access" is indicated you will be able to update/certify the participant list
- You can print this screen using the printer icon located on the top right corner of the screen for your records
